

What is Living Grace

Living Grace is just that.....

A place of living, real, genuine and honest grace

A place where all can come to know you

A place where all can be real, honest, broken and weak

A place where YOU are gloried in our frailty

Father Living Grace is a place of revival

A place where your spirit is growing stronger in us each week

A place where freedom, joy, peace and hope are found

A place where the broken hearted and down trodden can come face to face with you and know you love them

Father through Living Grace you have made yourself known

Through Living Grace you are bringing people closer and closer to you

Through Living Grace you are teaching people about you

You are bringing people into a personal relationship with you

Father through Living Grace you have taught me to trust you more

You have opened my eyes to see and worship you in different ways

You have even shown me that 3 hours of worship and prayer is much easier than I ever imagined

Father Living Grace has taken me on so many journeys I wouldn't have chosen

It has taken me to places of despair, uncertainty and confusion

But it has also taken me to deeper depths in you and higher highs with you

Living Grace has brought me into places where I know only you can be.

Written as a prayer of reflection by Christina Weston as she trusts our Lord to move to Melbourne and continue serving the Lord in HQ of Campus Crusade for Christ Australia.
